

THE SECURITY COUNCIL

Having considered the serious threat to the peace and security of the world caused by the continuence and acceleration of severe international tansion in the Caribbean,

Noting with concern nuclear missiles have been introduced into Cuba and that a quarantine has been imposed around the country;

Gravely concerned that further continuance of the Cuban ~~sit~~ situation may lead to direct conflict,

1. Calls for a permanent peaceful solution to the Cuban situation based on demilitarization and full respect for the territorial integrity and political independence of Cuba, and to this end,

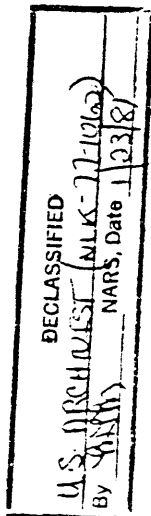

2. Calls for the following steps:

a. Withdrawal of all foreign military personnel and weapons capable of delivering nuclear charges from Cuba, the cessation of further shipment of military supplies or personnel to Cuba, and the dismantling of foreign military bases and all missile sites in Cuba,

b. Termination of all quarantines and other military restrictions directed against Cuba,

c. The territorial integrity and political independence of Cuba to be guaranteed by the members of and by the Security Council,

d. A UN military observer force to be despatched by the SYG to Cuba immediately in order to assure and supervise

supervise the accomplishment of these objectives and to assure they will continue to be carried out,

3. Urges that a prompt meeting be held between the US and the USSR to conclude a solution along these lines as well as to consider such other problems arising from the possession of and confrontation of nuclear weapons as they wish,

4. Requests the Secretary General to offer his good offices and to take steps within his authority to accomplish the above purposes.
